How to fill in this form:

Part 1: General Placement Information

In this part we will ask you for your basic contact details, a clear photo of you showing your face (no sunglasses or hats, unless in cases it's for religious purposes) allergies, diet preferences and your internship choices. Please make sure the information you enter is correct especially your contact info (telephone and email address).

Please note if you add any allergies EPN may ask to see a certificate from your doctor confirming your allergies.

Part 2: Education/Professional Skills

When we receive your application file, we will carefully read all fields and based on that we will assess your suitability to carry out an internship abroad, evaluate your experience and check concrete examples of your work so please add as much information as possible. Please note: When choosing your preferred placement and tasks, consider your current English level. If your English level is low companies may offer you internships and tasks adapted to your English level.

Example: *Marie is a Communication and Marketing specialist in France and she would love to do a work placement as Communication Specialist in a big agency in Liverpool, however, Marie's English level is basic, she doesn't understand questions, struggles to write and speak in English. Even though Marie is very qualified she does not have the required language skills to work in her desired choice so she needs to think of a choice more suited to her level of English.*
